# **Report of Independent Auditors on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards***

The Honorable Mayor and  
Members of the City Council  
City of El Paso, Texas

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City of El Paso, Texas as of and for the year ended August 31, 2022, and the related notes to the financial statements, which collectively comprise City of El Paso, Texas's basic financial statements, and have issued our report thereon dated February 24, 2023. Our report includes a reference to other auditors who audited the financial statements of El Paso Water Utilities Public Service Board, a discretely presented component unit of the City, and City of El Paso Employees Retirement Trust, a pension trust fund included in the aggregate remaining fund information, as described in our report on the City's financial statements. This report does not include the results of the other auditors' testing of internal control over financial reporting or compliance and other matters that are reported on separately by those auditors.

## **Report on Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered City of El Paso, Texas's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of City of El Paso, Texas's internal control. Accordingly, we do not express an opinion on the effectiveness of City of El Paso, Texas's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

### **Report on Compliance and Other Matters**

As part of obtaining reasonable assurance about whether City of El Paso, Texas's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

### **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

A handwritten signature in cursive script that reads "Moss Adams LLP".

Albuquerque, New Mexico

## **Report of Independent Auditors on Compliance for Each Major Federal and State Program; Report on Internal Control Over Compliance; and Report on the Schedule of Expenditures of Federal and State Awards Required by the Uniform Guidance and the State of Texas Uniform Grant Management Standards**

The Honorable Mayor and  
Members of the City Council  
City of El Paso, Texas

### **Report on Compliance for Each Major Federal and State Program**

#### ***Opinion on Each Major Federal and State Program***

We have audited City of El Paso, Texas's compliance with the types of compliance requirements identified as subject to audit in the OMB *Compliance Supplement* and the State of Texas Uniform Grant Management Standards that could have a direct and material effect on each of City of El Paso, Texas's major federal and state programs for the year ended August 31, 2022. The City's major federal and state programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

The City of El Paso, Texas's basic financial statements include the operations of the El Paso Water Utilities Public Service Board (EPWU), a discretely presented component unit of the City, which received \$3,087,766 in federal awards for the year ended February 28, 2022, which are not included in the schedule of expenditures of federal and state awards during the year ended August 31, 2022. Our audit, described below, did not include the operations of EPWU because the component unit engaged other auditors to perform an audit in accordance with the Uniform Guidance.

In our opinion, the City of El Paso, Texas complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal and state programs for the year ended August 31, 2022.

#### ***Basis for Opinion on Each Major Federal and State Program***

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America (GAAS); the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States (*Government Auditing Standards*); and the audit requirements of Title 2 U.S. *Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance); and the State of Texas Uniform Grant Management Standards, issued by the Texas Comptroller of Public Accountants. Our responsibilities under those standards, the Uniform Guidance, and the State of Texas Uniform Grant Management Standards are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of City of El Paso, Texas and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal and state program. Our audit does not provide a legal determination of City of El Paso, Texas's compliance with the compliance requirements referred to above.

### ***Responsibilities of Management for Compliance***

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to City of El Paso, Texas's federal and state programs.

### ***Auditor's Responsibilities for the Audit of Compliance***

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on City of El Paso, Texas's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards*, the Uniform Guidance, and the State of Texas Uniform Grant Management Standards will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material, if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about City of El Paso, Texas's compliance with the requirements of each major federal and state program as a whole.

In performing an audit in accordance with GAAS, *Government Auditing Standards*, the Uniform Guidance, and the State of Texas Uniform Grant Management Standards, we

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding City of El Paso, Texas's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of City of El Paso, Texas's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance and State of Texas Uniform Grant Management Standards, but not for the purpose of expressing an opinion on the effectiveness of City of El Paso, Texas's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

## **Report on Internal Control Over Compliance**

*A deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal and state program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal and state program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal and state program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance and State of Texas Uniform Grant Management Standards. Accordingly, this report is not suitable for any other purpose.

## **Report on Schedule of Expenditures of Federal and State Awards Required by the Uniform Guidance and the State of Texas Uniform Grant Management Standards**

We have audited the financial statements of the City of El Paso, Texas as of and for the year ended August 31, 2022, and have issued our report thereon dated February 24, 2023, which contained unmodified opinions on those financial statements. Our audit was performed for the purpose of forming opinions on the financial statements as a whole. The accompanying schedule of expenditures of federal and state awards is presented for purposes of additional analysis as required by the Uniform Guidance and the State of Texas Uniform Grant Management Standards and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal and state awards is fairly stated in all material respects in relation to the financial statements as a whole.

## **City of El Paso, Texas**

### **Notes to Schedule of Expenditures of Federal and State Awards**

---

#### **Note 1 – Presentation Scope**

The accompanying schedule of expenditures of federal and state awards (the Schedule or SEFA) includes the federal and state award activity of City of El Paso, Texas (the City) under programs of the federal and state government for the year ended August 31, 2022. The information in the Schedule is presented in accordance with the requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance) and the State of Texas Uniform Grant Management Standards issued by the Texas Comptroller of Public Accounts. Because the Schedule presents only a selected portion of the operations of the City, it is not intended to and does not present the financial position, changes in net position or cash flows of the City.

#### **Note 2 – Basis of Accounting**

Expenditures reported on the Schedule are reported on the accrual basis of accounting. Such expenditures are recognized following, as applicable, the cost principles contained in Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, or the cost principles contained in the State of Texas Uniform Grant Management Standards, wherein certain types of expenditures are not allowable or are limited as to reimbursement.

#### **Note 3 – Indirect Cost Rate**

The City has elected not to use the 10 percent de minimis indirect cost rate allowed under the Uniform Guidance. The City performs an annual indirect cost rate study for purposes of federal allocation costs.

**City of El Paso, Texas**  
**Notes to Schedule of Expenditures of Federal and State Awards**

---

**Note 4 – Community Development Block Grants Section 108 Loan Program**

The federal loan programs listed subsequently are administered directly by the City and balances and transactions relating to these programs are included in the City’s basic financial statements. Loans outstanding at the beginning of the year are not included in the federal expenditures presented in the schedule since there are no continuing compliance requirements other than required loan payments. New loans made during the year are included in the federal expenditures presented in the Schedule. The balance of loans outstanding as of August 31, 2022 consists of the following:

Assistance Listing Number	Program Name	August 31, 2022
14.218	Community Development Block Grants/Entitlement Grants	\$ 10,577,001
14.239	HOME Investment Partnerships Program	56,049,475
		\$ 66,626,476

**Note 5 – HOME Program Income**

The total program income generated for this program during fiscal 2022 was \$2,859,815. Program income is the amount related to the HUD revolving loans fund for principal and interest payments. During fiscal year 2022, the total expenditures related to this program were \$978,666. As a result, total expenditures for the program are zero in the SEFA given that the program income generated offset all of the expenditures during the year.
